

Big D

Big D

- *Trailed sand dispenser*
- *Labour and time saving*
- *Front or rear, left or right discharge*
- *Sand dispenser for large-scale bedding requirements*
- *Efficiently spreads sand and most dense bedding products*
- *15 tonne capacity*

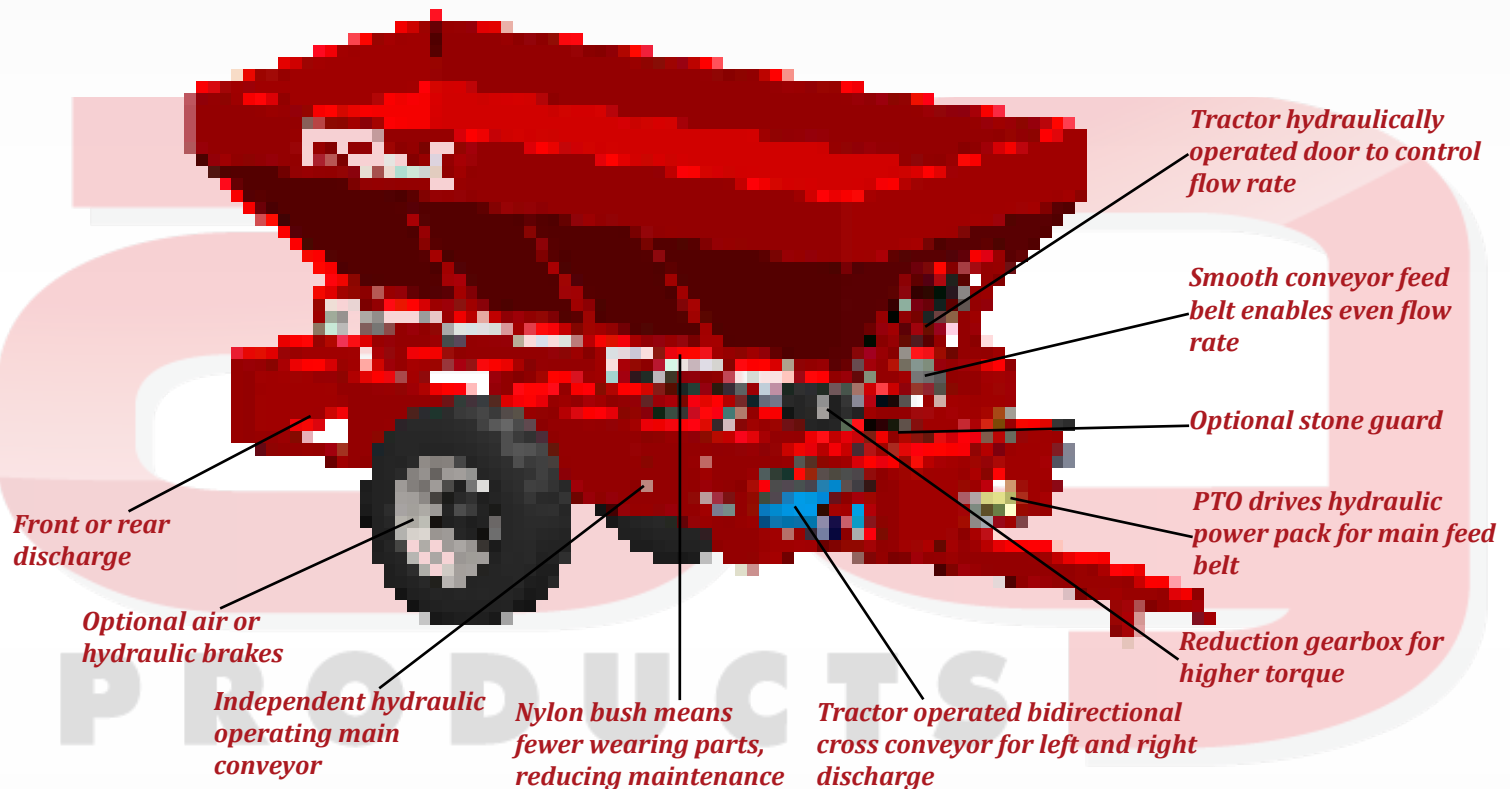

Big D

The AG Big D is designed to accommodate large scale bedding requirements efficiently and effectively.

The Big D can dispense from the left or right. 300 cubicles can be bedded with one full hopper in 10 minutes.

The Big D is designed to be low maintenance and lubrication free.

The Big D is resistant to sand abrasions.

- Only 50 hp required (30 ltrs/min hydraulics)
- A PTO oil pump services the main feed conveyor
- Requires 2 hydraulic spool valves
- The Big D can be adapted for front or rear discharge
- 540 PTO required

Capacity	8m ³
Length	5.51m
